

PackDotNANO

FlexoStore
www.flexostore.co.uk

Full inventory of flexographic plates & print

PackDot is the first APP designed exclusively for flexo plate & print inventory.

Using a smartphone and a special lens, you get PERCENTUAL, DOTGAIN, DOT DIAMETER AND SCREEN.

Make microtexture analysis and documentation easy (MicroCell, DigiCap etc).

Today PackDot is the indispensable tool for converters and flexo plates bureaus. It's a fast and efficient way to demonstrate the quality of your product with automatic PDF reporting.

PackDOT NANO, the power of an industrial microscope at your fingertips.
